New Hotels

Every year sees a rise in growth of new luxury hotels. We've chosen a few of what we feel are the most exciting future openings of luxury hotels around the world.

1. ST REGIS MALDIVES

Slated for a September 2016 opening, the St Regis Maldives Vommuli Resort has certainly caught our attention.

2. CASTELFALFI

Perhaps the most exciting opening in Italy aside from Hotel Eden in Rome.

3. CANYON RANCH BODRUM

With an opening date of July 2016, we are just a few months away from experiencing the originators of the wellness resort work their magic in the Turkish Riviera.

4. CHABLE MEXICO

We are anxiously awaiting the opening of Mexico's new Yucatan resort, Chable. The property should be opening its doors later this year.

5. SIX SENSES SEYCHELLES

Six Senses Zil Pasyon is located on Félicité, a private white sand beach in the Seychelles. The property is scheduled to open this fall.

6. VILLA MARIE ST BARTHS

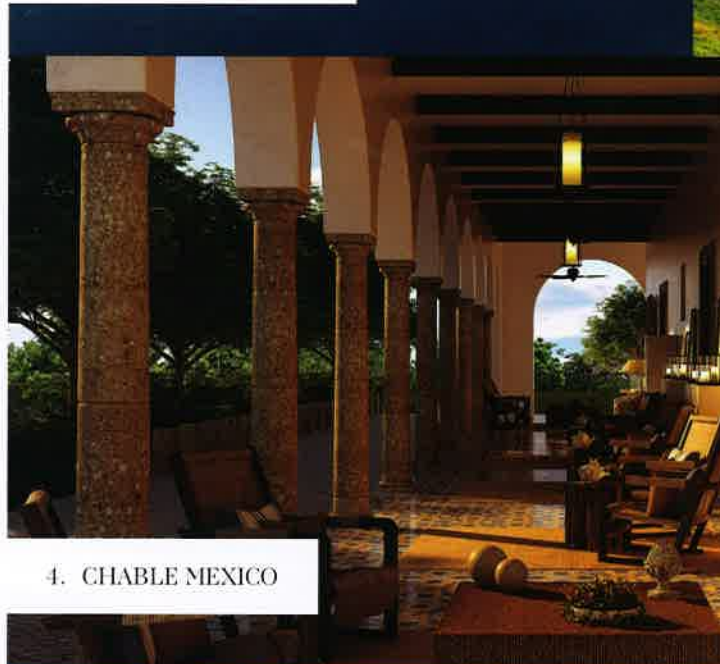

This new St Barths escape will open right in time for the season in December. Sibuet hotels does a fantastic job with their current properties, so we are expecting a great addition to the collection.

7. ROSEWOOD THAILAND

2017 will see the coming of the Rosewood Phuket. Rosewood has been opening incredible properties lately and we are extremely excited about their first foray into Thailand.
