

## Chablé Resort Tees Up to Debut

**‘Wellness Golf’ January 2019** *December 2018*

Chablé Resort, a pioneer in redefining wellness, is putting health in full swing with the debut of a new Wellness Golf program. The first course of its kind to encourage a relaxed approach to ‘the game of life’ will welcome golf enthusiasts and beginners alike when it opens January 2019 at the renowned resort.

Long referred to as a game of intellect, Wellness Golf at Chable will introduce a new philosophy to the sport encouraging guests to expand beyond the mental and physical aspects and connect to the game on a spiritual, emotional and environmental level. Guests will be encouraged to play barefoot and connect with nature while enjoying a laid-back style of play, begin and end a round at any point on the course, and create and conquer unique challenges at leisure.

The professionally designed complex will be located on the resort’s 750 acres surrounded by a lush Mayan forest. Perfect for families or groups of all ages and skill levels to play together or individually, the course will feature nine tee boxes spanning up to 200 yards in distance, four unique greens with two or three pins and multiple hazards. Distinct shot values and angles, in tandem with the serene environment, will create a challenging, yet relaxing experience for all to enjoy.

The ‘Wellness Golf’ concept was created by award-winning architect Agustín Pizá who has also worked on several world-class golf resorts including Palmilla, El Dorado, Querencia, Punta Mita, Maravilla and El Cortes.
