FLORA & FAUNA

Chablé Yucatán boasts a unique ecosystem of its own, a sprawling jungle where endemic species thrive and work together to give life to everything you see. Immerse in the world of Melipona bees, found only in the Yucatán Peninsula, or taste one of a kind cacao beans to fully experience the nature that encompasses the resort.

MELIPONARIUM

Get up close with some fascinating residents. The Melipona bees are endemic to The Yucatán Peninsula and regarded by Mayan people as sacred species. We house a meliponarium where local beekeepers will happily share their knowledge. Learn everything about them and taste their honey straight from the hive.

Duration: Approximately 45 minutes.

Up to: 6 people max.

Available: Monday to Sunday from 09:30 to 16:00 hrs.

Meeting point: SPA

Price: 799 MXN per person (taxes included).

PLEASE KEEP IN MIND:

We recommend previous reservations at least two hours before the activity, dialing “0” through Concierge.

Prices are per adult and for 6-year-old children and older.

It is essential to mention that bees do not sting since they do not have a stinger.

HONEY TASTING

Unveil the secrets of honey on this adventure, where you'll get to sample that sweet amber nectar. This is part of a larger initiative, as the Chablé beekeeping team works hard to protect these creatures. Bees are crucial to every ecosystem on the planet due to their duties as pollinators, and have been threatened by pollution and changes to their habitat. This activity hopes to raise awareness and deepen your knowledge.

Duration: 90 minutes.

Up to: 4 people max.

Available: Monday to Sunday from 10:00 to 15:00 hrs.

Price: 1,499 MXN per person (taxes included) / 1,800 MXN with meliponarium tour (taxes included).
