ETERNAL ROMANCE

Take a moment to renew the spirit of your love. This ritual begins with a foot bath that symbolizes rejoining the path as a couple and continues with a 90-minute tailor made massage. To conclude, we pour tempered oil over the third eye to deliver optimum relaxation and follow it with a soothing scalp massage.

YA'AXCHE FOREST AWAKENING RITUAL

Every tree tells a story, eloquent and engaging to the imagination. Trees symbolize the interconnectedness of life and the interwoven web of everything. In this Chablé signature ritual, we draw nourishment and support from trees in order to create positive change in your body, mind, and soul. In the image of a tree, there is a hidden part, the roots, and a visible part of the tree, the branches. This ritual is designed for inner calm in the nervous system, and to awaken the energetic body and creative spirit.

NATURE'S WISDOM RITUAL

This beautiful ritual offers a celebration of nature by adorning our guests with herbal preparations, floral elixirs, and traditional remedies from the Mayas. Initiating with a specialized skin enhancement from a mix of clay, coffee, and tobacco to exfoliate and nourish the skin, the treatment includes a mix of flower petals and oils of arnica, rosemary, and laurel to create an aromatic blend that eases the pain, reduces inflammation, and adds deeply penetrating micronutrients.

SOUND OF THE SEA RITUAL

When we allow ourselves to fall deeply into the movement of the ocean, or the sound of a rain shower, something within us is at peace. We reconnect with our core design and our wellbeing. This ritual reflects the healing powers of waters, to offer a relaxing and restorative treatment with a Water Ceremony and seaweed wrap, drawing out toxins and moving the fluid and emotional body. We incorporate rhythmical massage techniques using a specialized warming Sea Fennel massage wax and dynamic movements to gently stretch and open the muscle tissue. With a finishing head and scalp massage, the treatment chases away fatigue and lulls you into a renewed state of pure harmony

**RESTORATION MESSAGES
AND BODY THERAPIES**

Chablé's restoration massages and body therapies are designed to pamper and rejuvenate. Blending ancient techniques with modern indulgences, our therapists expertly tailor each treatment to soothe tired muscles, release tension and leave you feeling refreshed and revitalized.

CHABLÉ SPIRALING SEA MASSAGE

Purifying this incredibly relaxing treatment goes beyond a traditional lymphatic massage by combining the principles of rhythmic rocking, gentle spiraling movements, and specialized flowing strokes to encourage release and leave your body feeling revitalized, renewed, and rejuvenated.

CHABLÉ OBSIDIAN STONE MASSAGE

This deeply grounding ritual honors the knowledge of ancient cultures and their respect for nature. Stones are among the oldest natural objects. Particularly in Mexico, obsidian stones are historically known to contain the energy of the earth and the essence of the land from which they came. It is believed they have the ability to absorb emotions, remove blocked energy, and connect with healing properties.

CHABLÉ HOLISTIC MASSAGE

Purifying, Balancing, Transforming
This deeply relaxing and restorative treatment incorporates mindful touch, stimulating movements to increase circulation, deep tissue massage to wring out tension, and long connective strokes to provide a uniquely integrative experience. We use pressure to sculpt and contour, tonifying techniques, and smooth transitions to calm and unwind the body, with the use of aromatherapy to re-boot the mind and transform stress into balance.

SOUND OF THE SEA RITUAL

Balancing this beautifully balancing treatment reflects life's constant swing between polarities and the natural movement between thinking and feeling, waking and sleeping, and acting and resisting. This pendulum swing keeps a dynamic balance, creating inner calm and stability.

CHABLÉ STRESS RELIEF

A unique massage sequence designed to work on the specific zones with the highest accumulation of stress: the back, shoulders and neck, dissolved tension and achieving a profoundly relaxed state of being. Utilizing the best of nature's pharmacy—Arnica, Sweet Birch and Magnesium—this intensive enhancement is designed to quickly help relieve pain and tightness in muscles, tendons, and stiff joints.

CHABLÉ HEART CENTERING

A beautiful sequence of healing energetic massage to open and release emotional tension, tonify and strengthen the circulatory system, and restore balance and energy just in the area where we balance between mind and body. The treatment is gentle, relaxing, and powerfully healing.

BALANCING REFLEXOLOGY FOR HEAD, HANDS, AND FEET

A beauty treatment that embodies the Tree of Life in us by addressing the whole body and inner nature through the feet, head, and hands. We begin with an herbal footbath to ground the body's energy and connect us to the physical world through reflexology points and a warm volcanic mud treatment.

CHABLÉ AROMATIC ANOINTMENT

The Chablé Aromatic Anointment is a profoundly restorative treatment, perfect as a stand-alone experience or as a beautiful and meaningful way to finish any other treatment. Imagination, intuition, and inspiration are characteristics of a body and life in balance. By design, we are meant to sway between stress and relaxation, and wellness can be achieved by silencing the active mind, allowing the perceptive mind to take over.

BIO-ENERGY LIFT™ REMINERALIZING FACIAL

This luxurious treatment delivers instant skin rejuvenation by accelerating cellular respiration, bringing fatigued, over-stressed skin back to life. Skin becomes re-energized with the Energize & Firm Collection—a blend of a Copper and Amino Acid Complex, peptides, vitamins, and minerals to firm, lift and revitalize the skin.

CHABLÉ HOLISTIC FACIAL

This individually tailored facial takes into consideration your skin's personality, customizing your regimen and allowing beautiful skin to come through. This sophisticated treatment builds on the 21st-century wellness philosophy to create a highly effective and transformative experience, both on the surface and beneath it.

SHORT AND SWEET INDULGENCES

Experience dramatic results with this skin conditioning treatment designed to address inflammation, the primary cause of premature aging. The session begins with an exfoliating treatment to sweep away dead surface cells and impurities, followed by a layer of our Plant Stem Cell Booster Serum, which is clinically proven to improve the appearance of fine lines and wrinkles, radiance, smoothness and firmness.

PURE RESULTS FACIAL

A personalized choice of beautifying add-ons to enhance your body and skin's natural radiance. Options are presented at the time of the facial.

GUIDED MEDITATION

Meditation is a means to connect with yourself, inquire into your true nature and help manifest it. In guided meditation, you can have the confidence to go deep inside, let go of the daily routine and concerns, and embrace silence, peace, and inner light.

ENERGETIC SOUND AND STONE CLEANSING

“Music unites all qualities, but its principal task is to lead our thoughts to higher things, to elevate, even to make us tremble. Musical art often speaks in sounds more penetrating than the words of poetry and takes hold of the most hidden crevices of the heart. Song elevates our being and leads us to the good and the true.”

– Friedrich Nietzsche

The powerful vibrations and tones of singing bowls, chimes, and crystals are at work in this transformative treatment. The experience cleanses the energetic and physical bodies, emotional blockages, and negativity, restoring and elevating us to the true essence of each.

**LIFE BALANCING & REPAIRING
BODY TREATMENTS**

Chablé Maroma offers a holistic approach to repairing and rejuvenating the body through our body treatments. Our therapists expertly blend ancient techniques with contemporary indulgences to promote physical, mental, and spiritual harmony, leaving you feeling refreshed, revitalized, and reinvigorated. MAROMA SEA SALT SCRUB

Mineral-rich sea salts hold the healing qualities of seawater and provide a means to rehydrate and regenerate the skin. These salts are blended with rosemary and citrus essential oils to stimulate circulation and slough away dull or dry skin.

RELIEF FOR TROPICAL SKI

This wonderfully soothing and cooling treatment is a welcome relief from sun or heat exposure. Natural plant extracts, well known for their healing and restorative effects, are applied to benefit dehydrated or sunburned skin.

READING OF THE ORACLE

Through the reading of the Mayan Calendar's glyphs, this experience will guide you on your journey of intimate questions and mystical answers. The Oracle is a way of channeling the energy of life, done with messages handed down by our ancestors through the lecture of cards in the cosmic spiral of Sacred Energy.

TEMAZCAL CEREMONY

The island lies between the Caribbean Sea and the Gulf of Mexico, with waters rich in marine fauna, such as sea turtles.

LAGUNA KAAAN LUUM

Sometimes we don't like sharing everything, because some places are so nice that we don't want many people to know about them. Kaan Luum Lagoon is one of those. This lagoon is a beautiful place just south of Tulum. We know many of you won't be able to go due to its location, and you might already be busy with other tours and attractions, but for those looking for unique places, we just had to share this site with you.

BACALAR

The Bacalar Lagoon is popularly known as the lagoon of seven colors because the water has seven distinct shades of blue due to different depths. There are three different cenotes within the area, whose waters overflow and supply the single lagoon. With a narrow and long shape, it is 26 miles long and only 2.5 miles at its widest point.

DOS OJOS

Its name is due to the fact that two short caverns connect two cenotes. With a depth of 56 feet, surrounded by stalactites and stalagmites, it is considered one of the longest underground caverns where you can snorkel and admire rock formations, fish fossils, shells, and sea snails, among other things.

GRAN CENOTE

CHICHÉN ITZÁ

The most impressive structures of Chichén Itzá are located in the central area. There, you will find the ball game, the temples, the spectacular Castle (known as the Pyramid of Kukulcán), and the Mayan calendar stone that measures 82 feet. Toltec warriors are depicted in the engravings around the entrance at the top of the Castle. The local guides will provide detailed information about Chichén Itzá and even take you to a Sacred Cenote.

COBÁ

Cobá is a large ruined city of the pre-Columbian Mayan civilization located in the state of Quintana Roo, Mexico. It lies about 56 miles east of Chichén Itzá, roughly 25 miles west of the Caribbean Sea, and 27 miles northwest of Tulum, where a modern road connects the two.

TULUM
