YUCATÁN

Chablé Yucatán, situated in the heart of the Mayan jungle, welcomes you to an immersive experience on sacred land with unique seasonal celebrations.

Following the footsteps of the ancient Mayans, we will delve into age-old wisdom to connect with the essence of our being and harmony with the universe, anticipating the festivities in a two-week celebration, where, guided by the stars of this sacred land, we will embark on a magical celebration to close the solar cycle.

Join us in this celebration, where natural beauty merges with ancestral traditions and the mystical spirit of the Yucatecan jungle.

THE MAGIC AWAKENS

We welcome the most magical season of the year, when the excitement and anticipation for the countdown to the festivities begins.
